

GREAT *senior portraits* Checklist

Don't forget to write down what you want from your senior pictures! Then create some actionable goals and add them to this checklist!

2+ MONTHS BEFORE

- Now is the time to try the new stuff! But remember that hair grows at it's own rate, so that new pixie cut could be the worst decision, or the best decision.
- If you need to get yourself a new skin care routine, now is the time. Talk to a professional and see what they recommend. 2 months gives you time to get your skin used to it and figure out what you need to adjust! Plus, happy skin is the best canvas for makeup!
- Make your own goals and create some action steps using the included guide!
